ARTICLE 4 - COMPENSATION

Owner shall pay Engineer in accordance with Attachment B, Compensation.

ARTICLE 5 - OWNER'S RESPONSIBILITIES

Owner shall be responsible for all matters described in Attachment C, Owner's Responsibilities and Special Conditions.

ARTICLE 6 - STANDARD OF CARE

Engineer shall perform the Services undertaken in a manner consistent with the prevailing accepted standard for similar services with respect to projects of comparable function and complexity, and with the applicable laws and regulations published and in effect at the time of performance of the Services. Other than the obligation of the Engineer to perform in accordance with the foregoing standard, no warranty, either express or implied, shall apply to the Services to be performed by the Engineer pursuant to this Agreement or the suitability of Engineer's work product.

ARTICLE 7 - LIABILITY AND INDEMNIFICATION

7.1 General. Having considered the potential liabilities that may exist during the performance of the Services, the benefits of the Project, and the Engineer's fee for the Services; and in consideration of the promises contained in this Agreement, Owner and Engineer agree to allocate and limit such liabilities in accordance with this Article.

7.2 Indemnification. To the fullest extent permitted by law, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees from reasonable claims, costs, losses, and damages arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, or employees. This indemnification provision is subject to and limited by the provisions, if any, agreed to by Owner and Engineer in Article 7.3, "Limitation of Liability."

7.3 Limitation of Liability. To the fullest extent permitted by law, the total liability, in the aggregate, of Engineer, Engineer's officers, directors, partners, employees, agents, and subconsultants, to Owner, and anyone claiming by, through, or under Owner for any claims, losses, costs, or damages whatsoever arising out of, resulting from or in any way related to this Project or Agreement from any cause or causes, including but not limited to negligence, professional errors and omissions, strict liability, breach of contract, or breach of warranty, shall not exceed the total compensation received by Engineer or \$50,000 whichever is greater.

7.4 Mutual Waiver. To the fullest extent permitted by law, Owner and Engineer waive against each other, and the other's employees, officers, directors, members, agents, insurers, and partners, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to the Project.

7.5 Survival. Upon completion of all Services, obligations, and duties provided for in this Agreement, or if this Agreement is terminated for any reason, the terms and conditions of this Article shall survive.

ARTICLE 8 - INSURANCE

During the performance of the Services under this Agreement, Engineer shall maintain the following insurance:

- (1) General Liability Insurance, with a combined single limit of \$1,000,000 for each occurrence and \$1,000,000 in the aggregate.
- (2) Automobile Liability Insurance, with a combined single limit of \$1,000,000 for each accident.
- (3) Workers' Compensation Insurance and Employer's liability Insurance in accordance with statutory requirements.
- (4) Professional Liability Insurance, with a limit of \$2,000,000 annual aggregate.

Engineer shall, upon written request, furnish Owner certificates of insurance. Engineer shall provide notice to Owner if a cancellation for non-payment has been issued. All Project contractors shall be required to include Owner and Engineer as additional insureds on their General Liability insurance policies, and shall be required to indemnify Owner and Engineer to the same extent.

ARTICLE 9 - LIMITATIONS OF RESPONSIBILITY

Engineer shall not be responsible for: (1) construction means, methods, techniques, sequences, procedures, or safety precautions and programs in connection with the Project; or (2) procuring permits, certificates, and licenses required for any construction unless such responsibilities are specifically assigned to Engineer in Attachment A, Scope of Services.

ARTICLE 10 - LIMITATIONS OF RESPONSIBILITIES FOR ACTS OF OTHERS

Provided that the Engineer has acted in good faith, Engineer shall not be liable to Owner for breach of contract or for negligent error or omission in failing to detect, prevent, or report the failure of any contractor, subcontractor, vendor, or other project participant to fulfill contractual or other responsibilities to the Owner, failure to finish or construct the Project in accordance with the plans and specifications, or failure to comply with federal, state, or local laws, ordinances, regulations, rules, codes, orders, criteria, or standards.

ARTICLE 11 - OPINIONS OF COST AND SCHEDULE

Since Engineer has no control over the cost of labor, materials, or equipment furnished by others, or over the resources provided by others to meet Project schedules, Engineer's opinion of probable costs and of Project schedules shall be made on the basis of experience and qualifications as a professional engineer. Engineer does not guarantee that proposals, bids, or actual Project costs will conform to Engineer's cost estimates or that actual schedules will conform to Engineer's projected schedules. Engineer shall complete the services within the time frame outlined on Attachment D, Schedule, subject to conditions which are beyond the control of the Engineer.

ARTICLE 12 - REUSE OF DOCUMENTS

All documents, including, but not limited to, drawings, specifications, and computer software prepared by Engineer pursuant to this Agreement are instruments of service in respect to the Project. They are not intended or represented to be suitable for reuse by Owner or others on extensions of the Project or on any other project. Any reuse without prior written verification or adaptation by Engineer for the specific purpose intended will be at Owner's sole risk and without liability or legal exposure to Engineer and Owner shall be deemed to have assumed the risk of such unauthorized reuse. Any verification or adaptation of documents will entitle Engineer to additional compensation at rates to be agreed upon by Owner and Engineer.

ARTICLE 13 - OWNERSHIP OF DOCUMENTS AND INTELLECTUAL PROPERTY

Except as otherwise provided herein, engineering documents, drawings, and specifications prepared by Engineer as part of the Services shall become the property of Owner provided, however, that Engineer shall have the unrestricted right to their use. Engineer shall retain its rights in its standard drawing details, specifications, data bases, computer software, and other proprietary property. Rights to intellectual property developed, utilized, or modified in the performance of the Services shall remain the property of Engineer. The Owner may use said documents for their own use at no cost to the Owner.

ARTICLE 14 - TERMINATION

This Agreement may be terminated by either party upon written notice in the event of substantial failure by the other party to perform in accordance with the terms of this Agreement. The nonperforming party shall have fifteen calendar days from the date of the termination notice to cure or to submit a plan for cure acceptable to the other party.

Owner may terminate or suspend performance of this Agreement for Owner's convenience upon written notice to Engineer. Engineer shall terminate or suspend performance of the Services on a schedule acceptable to Owner. If termination or suspension is for Owner's convenience, Owner shall pay Engineer for all the Services performed and termination or suspension expenses in such amount as agreed upon by the Owner and Engineer.

ARTICLE 15 - DELAY IN PERFORMANCE

Neither Owner nor Engineer shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the nonperforming party. For purposes of this Agreement, such circumstances include, but are not limited to, abnormal weather conditions; floods, earthquakes, fire; epidemics; war, riots, and other civil disturbances; strikes, lockouts, work slowdowns, and other labor disturbances; sabotage; judicial restraint; and inability to procure permits, licenses, or authorizations from any local, state, or federal agency for any of the supplies, materials, accesses, or services required to be provided by either Owner or Engineer under this Agreement.

Should such circumstances occur, the nonperforming party shall, within a reasonable time of being prevented from performing, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement.

ARTICLE 16 - COMMUNICATIONS

Any communication required by this Agreement shall be made in writing to the addresses specified below with a copy to the Owner's attorney:

Engineer: Holloway, Updike and Bellen, Inc.
 818 East Side Blvd.
 Muskogee, OK 74403
 Attention: Wes Stewart, P.E.

Owner: _____

 Attention: _____

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of Engineer and Owner.

ARTICLE 17 - WAIVER

A waiver by either Owner or Engineer of any breach of this Agreement shall be in writing. Such a waiver shall not affect the waiving party's rights with respect to any other or further breach.

ARTICLE 18 - SEVERABILITY

The invalidity, illegality, or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular portion or provision held to be void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

ARTICLE 19 - INTEGRATION

This Agreement represents the entire and integrated Agreement between Owner and Engineer. It supersedes all prior and contemporaneous communications, representations, and agreements, whether oral or written, relating to the subject matter of this Agreement.

ARTICLE 20 - SUCCESSORS AND ASSIGNS

To the extent permitted by Article 21, Owner and Engineer each binds itself and its successors and assigns to the other party to this Agreement.

ARTICLE 21 - ASSIGNMENT

Neither Owner nor Engineer shall assign its duties under this Agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement. Nothing contained in this Article shall prevent Engineer from employing independent consultants, associates, and subcontractors to assist in the performance of the Services.

ARTICLE 22 - THIRD PARTY RIGHTS

Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than Owner and Engineer.

ARTICLE 23 – AUTHORIZATION TO PROCEED

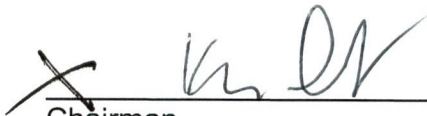

The Owner will issue the Engineer a written "Notice to Proceed" as authorization to proceed with the work.

IN WITNESS WHEREOF, Owner and Engineer have executed this Agreement.

TO
AGREEMENT FOR ENGINEERING SERVICES
BETWEEN
MUSKOGEE COUNTY, OKLAHOMA, OWNER
AND
HOLLOWAY, UPDIKE AND BELLEN, INC., ENGINEER
FOR
RESIDENT PROJECT REPRESENTATIVE SERVICES
OKAY ROAD GRADE, DRAIN, SURFACE & BRIDGE PROJECT**

SCOPE OF SERVICES

I. SCOPE OF THE PROJECT

The project consists of the following:

Scope

Engineer will provide part-time Resident Project Representative services for the Okay Road Grade, Drain, Surface & Bridge project in Muskogee County. Engineer will assist Muskogee County's team with various aspects of the daily inspection, monitoring, and reporting of construction activities for the duration of the project.

II. SCOPE OF SERVICES

- A. Resident Project Representation: Engineer shall provide part-time Resident Project Representative services during the construction of the project. These services will be provided in accordance with the following modified version of "Duties, Limitations, and Responsibilities of the Resident Project Representative," derived from the Standard General Conditions of the Construction Contract, prepared by the Engineer's Joint Contract Documents Committee, latest edition, also known as the "Joint Committee Documents." The duties, responsibilities and limitations of authority of the Resident Project Representative shall be as outlined in Section H, Duties, Responsibilities, and Limitations of Authority of the Resident Project Representative. Engineer shall submit a resume of proposed Resident Project Representative for review and approval by the Owner if requested.
- B. Duties, Responsibilities, and Limitations of Authority of the Resident Project Representative: The Resident Project Representative is the Owner's and the Engineer's agent at the site, will act as directed by and under the guidance of the Engineer, and will confer with the Engineer regarding the Resident Project Representative's actions. The Resident Project Representative's

dealings in matters pertaining to the on-site work shall in general be with the Engineer and Contractor, keeping Owner advised as necessary. The Resident Project Representative's dealings with subcontractors shall only be through or with the full knowledge and approval of Contractor. Resident Project Representative shall generally communicate with Owner with the knowledge of and under the direction of Engineer. The Resident Project Representative shall conduct duties pertaining to the Project in accordance with the procedures and policies of the Engineer with guidelines to be provided by the Engineer to the Resident Project Representative. The duties and responsibilities of the Resident Project Representative are as follows:

1. Schedules. The Resident Project Representative shall review the progress schedule, schedule of shop drawing submittals and schedule of values prepared by Contractor and consult with Engineer concerning acceptability.
2. Conferences and Meetings. The Resident Project Representative shall attend meetings with Contractor, such as pre-construction conferences, progress meetings, job conferences, and other Project-related meetings, and ensure copies of the meeting minutes are generated by the responsible party and appropriately distributed.
3. Liaison. The Resident Project Representative shall serve as Engineer's liaison with Contractor, working principally through Contractor's superintendent, and assist in understanding the intent of the Contract documents; and assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-site operations.
4. Shop Drawings and Samples. The Resident Project Representative shall record date of receipt of shop drawings and samples. The Resident Project Representative shall receive samples which are furnished at the site by Contractor, and notify Engineer of availability of samples for examination. The Resident Project Representative shall advise Engineer and Contractor of the commencement of any work requiring a shop drawing or sample if the submittal has not been approved by Engineer.
5. Review of Work, Rejection of Defective Work, Inspections and Tests. The Resident Project Representative shall conduct on-site observations of the work in progress to assist Engineer in determining if the work is, in general, proceeding in accordance with the Contract documents.

The Resident Project Representative shall report to Engineer whenever Resident Project Representative believes that any work is unsatisfactory, faulty, or defective, or does not conform to the contract documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise Engineer and Owner of work that Resident Project Representative believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.

The Resident Project Representative shall verify that tests, equipment and system start-ups, and operating and maintenance training are conducted in the presence of appropriate personnel and that Contractor maintains adequate records thereof; and observe, record, and report to Engineer appropriate details relative to the test procedures and start-ups. The Resident Project Representative shall accompany visiting inspectors representing public or other agencies having jurisdiction over the Project; record the results of these inspections and report to Engineer.

6. Interpretations of Contract Documents. The Resident Project Representative shall report to Engineer in writing when clarifications and interpretations of the Contract documents are needed.
7. Modifications. The Resident Project Representative shall consider and evaluate Contractor's suggestions for modifications in drawings or specifications and report with Resident Project Representative's recommendations to Engineer.
8. Records. The Resident Project Representative shall maintain at the job-site orderly files for correspondence, reports of job conferences, shop drawings and samples, reproductions of original contract documents including all work directive changes, addenda, change orders, field orders, additional drawings issued subsequent to the execution of the Contract, Engineer's clarifications and interpretations of the contract documents, progress reports, and other Project-related documents.

The Resident Project Representative shall keep a diary and log book, recording Contractor hours on the job site, weather conditions, data relative to questions of work directive changes, change orders or changed conditions, list of job-site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

The Resident Project Representative shall keep a current log book of acceptable pay items, recording the location and quantity of all pay items delivered, used, or completed on a day-to-day basis including any necessary substantiating computations.

The Resident Project Representative shall record names, addresses, and telephone numbers of all contractors, subcontractors, and major suppliers of materials and equipment. The Resident Project Representative shall record all pertinent information regarding equipment and materials delivered to Project site. The Resident Project Representative shall evaluate and note compliance of delivered equipment and materials with respect to approved submittals.

The Resident Project Representative shall maintain an updated "red-line" record drawing set of construction plans, reflecting all addenda and changes to the Project during the construction, and submit to Engineer upon Project completion.

9. Reports. The Resident Project Representative shall furnish Engineer periodic reports as required of progress of the work and of Contractor's compliance with the progress schedule and schedule of shop drawing and sample submittals.

The Resident Project Representative shall consult with Engineer in advance of scheduled major tests, inspections, or start of important phases of the work.

The Resident Project Representative shall report immediately to Engineer and Owner upon the occurrence of any accident.

10. Payment Requests. The Resident Project Representative shall review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, work completed, and material and equipment delivered at the site but not incorporated in the work.

11. Certificates, Operation and Maintenance Manuals. During the course of the work, The Resident Project Representative shall verify that certificates, operation and maintenance manuals, and other data required to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the contract documents, and have this material delivered to Engineer for review and forwarding to Owner prior to final payment for the work.

12. Completion. Before substantial completion, The Resident Project Representative shall submit to Contractor a list of observed items requiring completion or correction.

The Resident Project Representative shall conduct a final inspection in the company of Engineer, Owner, and Contractor, and prepare a final list of items to be completed or corrected.

The Resident Project Representative shall observe that all items on final list have been completed or corrected and make recommendations to Engineer concerning acceptance.

13. Limitations of Authority.
- a. The Resident Project Representative shall not exceed limitations of Engineer's authority as set forth in the Agreement or the Contract documents.
 - b. The Resident Project Representative shall not undertake any of the responsibilities of the Contractor, subcontractors, or the Contractor's superintendent.
 - c. The Resident Project Representative shall not advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences, or procedures of construction unless such advice or directions are specifically required by the contract documents.
 - d. The Resident Project Representative shall not advise on, issue directions regarding, or assume control over safety precautions and programs in connection with the work.
 - e. The Resident Project Representative shall not authorize Owner to occupy the Project in whole or in part.
 - f. The Resident Project Representative shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by Engineer in writing.
