

PORT MUSKOGEE

ECONOMIC & WORKFORCE DEVELOPMENT

**Long-Term Economic Success
In Muskegee County.**

PORT MUSKOGEE

Economic Development

Port Muskegee continues to drive significant private-sector investment and industrial expansion reinforcing its position as a hub for manufacturing, logistics, and emerging technology.

Strategic partnerships and incentive programs are enabling companies to scale operations, create jobs, and enter new markets.

Resilient. Sustainable.

Ongoing infrastructure investments are transforming Port Muskogee into a premier multimodal logistics hub. These upgrades enhance connectivity, increase capacity, and position the region for long-term economic competitiveness.

PORT MUSKOGEE

Improving Infrastructure

- \$15M rail improvements completed
- \$12M flood improvements completed (Berm, Tract A)
- \$38M waterfront upgrades
- Security Fencing near completion
- 125+ acre expansion (Port Muskogee South)
- 3,000-acre industrial ecosystem

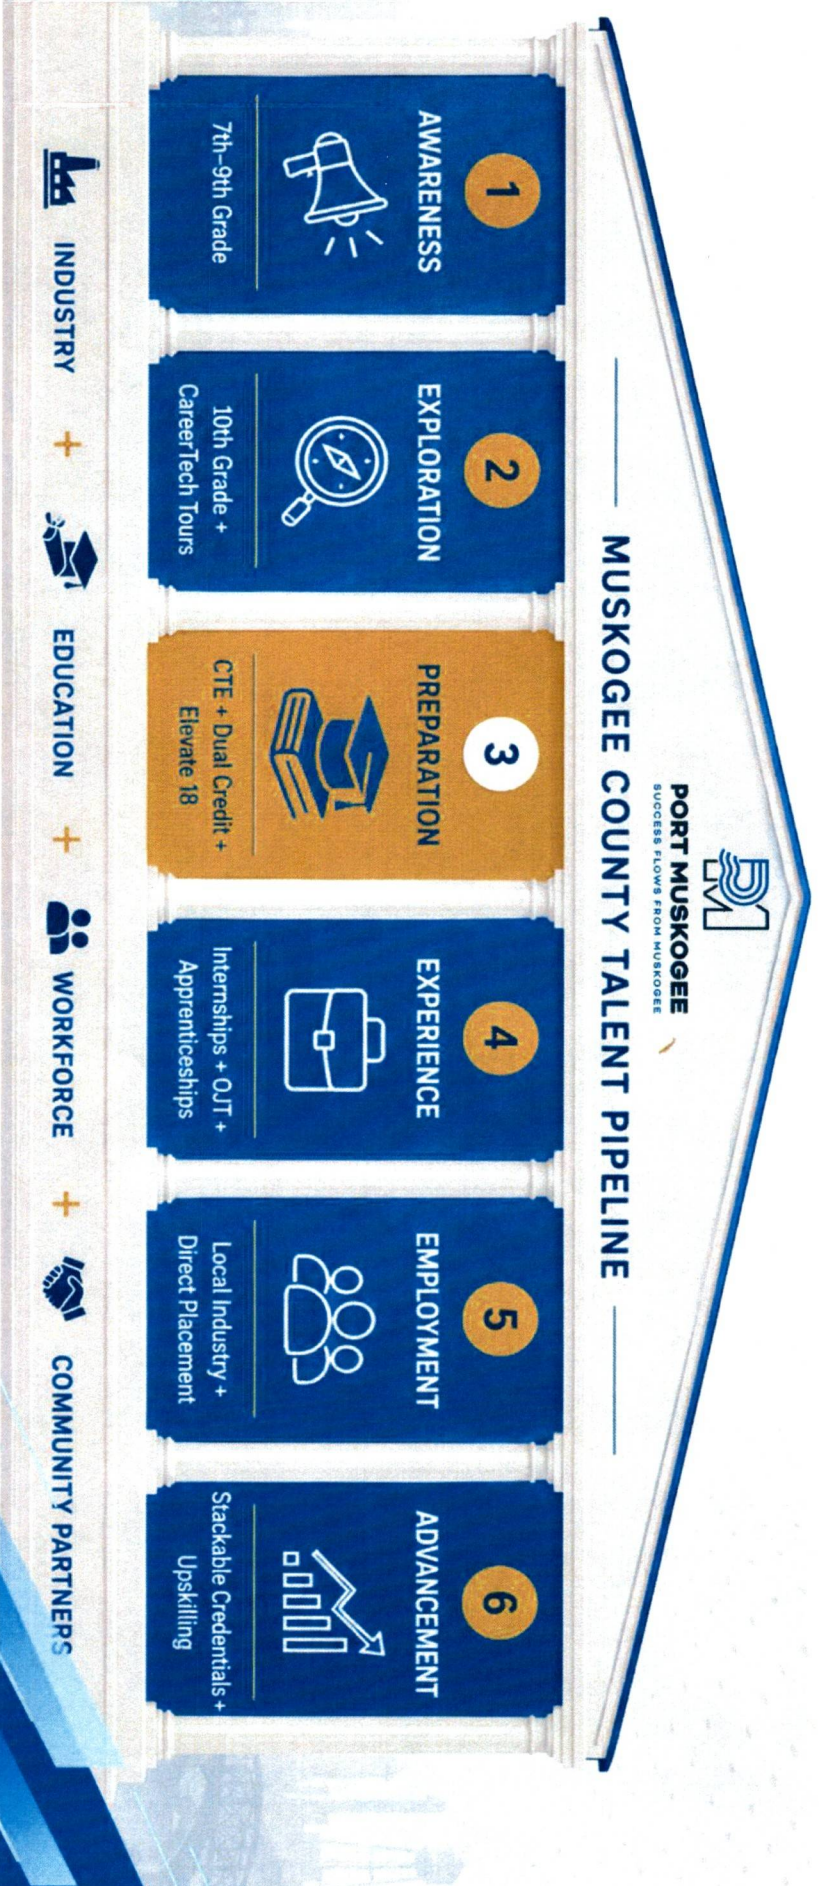

Future Projects

- Phase II Security Project
- Industrial Road Access Project
- Mooring & Dock Projects
- Drainage Project
- Port Signage Project

Workforce Development

Workforce development is about making sure Muskogee County businesses have the talent they need — not just today, but five and ten years from now. That means building the pipeline long before graduation, and connecting people directly to the skills local employers need.

Elevate 18: Proof of Concept

Instead of asking seniors to figure everything out after graduation, Elevate 18 brings employers, education, and workforce partners together before students leave high school.

PORT MUSKOGEE

5-week manufacturing job-readiness course for high school seniors.

- ✓ Basic industry knowledge & soft skills
- ✓ Career exploration & employer exposure
- ✓ Interview & resume preparation
- ✓ Direct access to employment
- ✓ A pathway into further CareerTech education
