**MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2026**

1. Summary of Significant Accounting Policies

A. Reporting Entity

Muskogee County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county's general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by statute and under the control of the primary government are also presented.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including emergency medical service districts, libraries, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

B. Fund Accounting

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds included within the financial statement:

NOTES TO THE FINANCIAL STATEMENT

C. Basis of Accounting

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America (U.S. GAAP), which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 allows Oklahoma counties to present their financial statement in accordance with U.S. GAAP or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171, which specifies the format and presentation of such regulatory basis financial statements: county governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue with all other funds included in the audit presented in the aggregate in a combining statement. However, the County has elected to present all funds included in the audit in the Statement of Receipts, Disbursements, and Changes in Cash Balances—Regulatory Basis.

D. Budget

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs (budget) to the governing body. The budget is approved for the respective fund by office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

The notes to the financial statement are an integral part of this statement.

**MUSKOGEE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2026**

E. Cash and Investments

For the purposes of financial reporting, "Ending Cash Balances, June 30" includes cash and cash equivalents and investments as allowed by statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

The County Treasurer has been authorized by the County's governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. The County Treasurer, according to the law, shall give notice of delinquent taxes and special assessments by publication once a week for two consecutive weeks at any time after April 1, but prior to the end of September following the year the taxes were first due and payable. Unpaid real property taxes become a lien upon said property after the treasurer has perfected the lien by public notice. Unpaid delinquent personal property taxes are usually published in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

The notes to the financial statement are an integral part of this statement.

3. Other Information

A. Pension Plan

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

B. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

C. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; however, the County expects such amounts, if any, to be immaterial.

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

The notes to the financial statement are an integral part of this statement.

F. Tax Abatements

The County is subject to ad valorem tax abatements granted by the State of Oklahoma in accordance with the Oklahoma Constitution, Article 10 Section 6B for qualifying manufacturing concern—ad valorem tax exemption.

Under this program, a five-year ad valorem tax exemption exempts all real and personal property that is necessary for the manufacturing of a product and facilities engaged in research and development which meet the requirements set by the Oklahoma Constitution and statutes. Under Title 68 O.S. § 2902, in exchange for the five-year exemption, qualifying manufacturing concerns must meet certain minimum investment requirements for construction, acquisition, or expansion of a manufacturing facility. In addition, there are general minimum payroll requirements that must be met and the qualifying manufacturing concern must offer basic health benefit plans to all full-time employees within 180 days of employment.

The County had \$1,995,295.00 of ad valorem taxes abated under this program for the fiscal year ended June 30, 2026.

The State has an Ad Valorem Reimbursement Fund in accordance with Title 62 O.S. § 193 that is used to reimburse the County for the loss of revenue. Monies apportioned to this fund by the State also may be transferred to other state funds or otherwise expended as directed by the Legislature. In the event monies apportioned to the Fund are insufficient to pay all claims for reimbursement, claims for reimbursement for loss of revenue due to manufacturing exemptions of ad valorem taxes shall be paid first, and any remaining funds shall be distributed proportionally among the counties making claims for reimbursement for loss of revenue for school district exemptions.
