Subject: VAALAC078645 Appraisal Completed – Next Steps for Claim

Good Morning / Afternoon,

I hope you're doing well.

The appraisal for Muskogee County Sheriff Office regarding the damaged property 2023 Ford Interceptor VIN 79322 has been completed. The final appraisal report is attached for your review.

As part of the next steps, the County will need to place this item on an upcoming meeting agenda to determine whether you would like to use your Deductible Fund account for this loss. Once a decision is made, just let me know and I'll take it from there.

Additionally, please review the salvage options below:

Salvage Options:

1. **Retain the Salvage** – The settlement amount would be **ACV minus the highest salvage bid**.
 - o ACV: \$27,463.00
 - o Highest Bid: \$1,550.00
 - o **Retain Amount: \$25,913.00**
2. **Release the Salvage** – The County releases the damaged property, and once the **signed title** is submitted, the County will receive the **full ACV amount of \$27,463.00**.

If you have any questions about the appraisal, the deductible fund, or the salvage options, I'm happy to help.

Sincerely,

Kayley Rosemann

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR2MF20, CCC Data Date 12/01/2025, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:
