RE: Confirmation - Issuance or non-issuance of construction permits

Dear Mr. Doke,

The Oklahoma Uniform Building Code Commission (OUBCC) was created to adopt and maintain minimum building construction codes for all residential and commercial construction in the State of Oklahoma pursuant to 59 O.S. §1000.23. Part of that legislative mandate requires the OUBCC to collect data on the issuance and renewal of any construction permits from all state agencies, municipalities, or political subdivisions that issue or renew construction permits.

The OUBCC contacted your state agency, municipality, or political subdivision last year and was notified in writing by an authorized official, that your state agency, municipality, or political subdivision does not issue building permits.

The OUBCC requests that you update your state agency, municipality, or political subdivision's information as to your issuance or non-issuance of building permits by completing the form at the bottom of this page. Please email, fax, or mail the completed form to the OUBCC by **Friday, March 27, 2026**, using the following contact information:
