Invitation to Bid

The Board of County Commissioners of Muskogee County, Oklahoma are seeking sealed bids for the construction of a 55 foot span steel bridge to replace the existing bridge (#123) located on West 93rd Street So. approx. 300 feet west of Old Hwy 69 near Oktaha located at (35.624288, -95.450277)

This project will use recycled beams supplied by the County. Engineering Plans have been written for this project site by Circuit Engineering District #2. Please contact them directly with any specific questions that you have regarding the plan specifications.

Contact Monty Proctor, Engineer at: 918-682-2125.

This Bidding will be conducted with two (2) bidding options:

1. **TURNKEY** delivery where the County provides the side-drain culvert & road materials and the contractor will place and compact the road fill to final grade & install the ditch and driveway culvert per plan at the northeast corner of the bridge in addition to the construction of the Steel Bridge.
2. **STRUCTURE ONLY** delivery where the County does all the road work separate and in coordination with the Contractor. The Guardrail will be installed on the bridge; the County will install the guardrail transition and roadway posts and turndown upon their completion of the road building.

Required Specifications

1. The successful bidder must be a certified contractor with the Oklahoma Department of Transportation
2. 1999 ODOT Bridge Construction Standards
3. All work to be IAW Standard Specifications for Highway Construction, 2009 edition

PROJECT DESCRIPTION

SCOPE OF WORK – OPTION 1 (TURNKEY)

1. Contractor will demolish and haul off existing structure
2. County will provide the crosstown beams
3. County will haul the needed roadway fill material to the jobsite
4. County will provide the traffic control / bridge closed / any detour signage during construction
5. Contractor will perform all site work including earthwork for the stream banks, roadway and the bridge approaches
6. Contractor will prepare and haul the recycled beams to the site
7. Contractor will build the bridge including the casting of the concrete deck and the installation of guardrail, to include installation of the post and rail system on the bridge approach.

SCOPE OF WORK – OPTION 2 (STRUCTURE ONLY)

1. County will demolish and haul off existing structure
2. County will provide the crosstown beams (or equivalent)
3. County will haul and place the roadway fill material to the jobsite and will perform site preparation and all earthwork for the roadway and bridge approaches
4. County will provide the traffic control / bridge closed & detour signage as needed
5. Contractor will prepare and haul the recycled beams to the site
6. Contractor will build the bridge including the casting of the concrete deck and the installation of guardrail on the bridge structure only
7. County will complete the roadway approach and embankments after Contractor completes the Deck pour
8. The County will install the post and guard rail system on the bridge approach

The successful bidder must start construction within 60 days of Notice to Proceed.
