 Proposal Submittal 26th August 2024

**Project:** Utilize the patented, Nu Drain Cured-In-Place-Pipe (C.I.P.P.) technology by Nu Flow Technologies, Inc. to renew approximately 420' of 4" & 5" cast iron pipe. We're proposing to descale and install a total of 420' of 4" & 5" structural liner. 70' per roof drain from roof drain inlet to ground level outlet.

**Process:** Following the manufactures instructions and applicable certifications, approvals, and codes, mechanically clean the proposed lining segments. Use closed caption televising (cctv) to determine connecting branches and piping. Prepare, install, and cure the C.I.P.P. segment. Remove calibration bladder and record the final pipe line with cctv. As with any process, unforeseen events, such as hidden or nonconforming plumbing conditions, can affect the scope of work & time frame. However, we will make every effort to stay within the estimate given. Contractor will not be responsible for putting the piping system back together. It will remain the sole responsibility of the property owner to return the piping system to full function according to local and state codes.

**Contract Terms & Price:**

The Contract Price for the Cleaning, Restoration and Lining of stated Plumbing:

Cash/Check Estimated Payment: \$144,467.00

Total Estimated price: \$144,467.00

Time of Completion and Schedule: 15-18 days

Estimated Schedule of Values: Payment will be made in full to contractor upon completion of project. \*

\* This contract is not subject to liquidated damages. The above bid, project and payment terms are accepted, and Davis Plumbing Services is authorized to proceed to formal contract.
