Dear Ron:

It's that time of year again! The kids have begun a new school year, and we are heading into those last few, hectic months of 2023. It is also the time when we all begin to think about next year's budget.

At ACT, we must also start the budget planning process for 2024. We believe that we will be able to ensure that you continue to experience the level of support you have come to expect from ACT while keeping our fees the same as they were in 2023.

The 2024 base fee for CAMA and Personal Property remains \$5,000 each. The per parcel rate for CAMA continues to be 55 cents per parcel. Offsite Backup and Disaster Recovery is still set at \$2,000 per year, and IT Support is \$4,000 per server and \$500 per workstation.

The enclosed 2024 Fee Estimate lists license and support fees for each of the services to which Muskogee County is currently subscribed. The 2024 CAMA license and support fee was calculated using your real estate parcel count on or about September 1, 2023.

If you wish to know more about any of the services we offer, please do not hesitate to contact me or any member of our support staff. We will be happy to discuss your needs.

Sincerely,
