

Fiscal Recovery Funds
Expenditure Documentation

Date 4/25/2022

MUSKOGEE County, Oklahoma

Identify the need or risk

Water backup and the absence of proper drainage on 193rd St. and 233rd St. in District 2 causes flooding and significant damage to these roads. Ingress and egress for residents is affected and there is also a risk to the availability of emergency services reaching residents in these areas at these times.

How does the proposed expenditure respond to the need or risk?

The purchase of the drainage pipe will give District 2 the ability to increase drainage by installing bigger drainage pipes thereby reducing flooding on these roads.
