

Fiscal Recovery Funds  
Expenditure Documentation

Date

County, Oklahoma

Identify the need or risk

The existing Low Water Bridge located on South 94th St. in Dist. 1 flooded and washed out parts of the pipes during the most recent weather event and has caused an emergency situation concerning public safety for individuals traveling on this road.

How does the proposed expenditure respond to the need or risk?

Repair/replacement of the existing Low Water drainage structure including grade, drainage, surface, concrete headwalls, and placement of erosion control will repair and mitigate flooding.
