

Fiscal Recovery Funds
Expenditure Documentation

Date

County, Oklahoma

Identify the need or risk

The existing Low Water Bridge located on W. 45th St. S in Dist. 1 floods during persistant weather events which has caused the breakdown of the roadway, failing drainage structures, and issues of public safety for individuals traveling on this road.

How does the proposed expenditure respond to the need or risk?

Repair/replacement of the existing Low Water drainage structure including grade, drainage, surface, concrete headwalls, and placement of erosion control will help to alliviate and mitigate flooding.
