

Fiscal Recovery Funds
Expenditure Documentation

Date 9/6/2022

MUSKOGEE County, Oklahoma

Identify the need or risk

The Muskogee County Sheriff's Office is in need of a vehicle and equipment to assist in the ability to control circumstances in various situations ranging from an active shooter situation to a standoff with a suspect. Vehicles and equipment are needed to setup a task force to combat violent drug offenders.

How does the proposed expenditure respond to the need or risk?

It will assist in equipping a multi-agenda partnership to target violent drug offenders. The LPR (license plate reader) is connected to a network nationwide that can identify known drug traffickers and the locations they've been around the state and country. The ballistic panels on the doors give officers another tool if there's an active shooter situation where they can utilize the car for cover and extract someone from the scene. The siren box has a feature that can announce over the PA system for the driver to follow instructions from the deputy, in english or spanish.
