Dear Carson Bunce,

Adjuster Activities

Frontier Adjusters of Muskogee received this assignment on 06/29/2023 at which time we reached out to the insured contact, Crystal at 918-682-4511, and set a date for the inspection. The inspection was then completed as scheduled on 07/07/2023, at 300 North St Muskogee, OK 74403, where we obtained photographs and a scope of the damages. Damages were observed to the left fender, right fender, driver door, front passenger door, bumper, right headlight, frame, and radiator support. An estimate was then prepared for total loss in the amount of \$19,182.52. The NADA obtained shows the clean retail value at \$23,375 while our comparable vehicles showed the average ACV of \$25,572.33. Our Total Loss Worksheet is attached showing the Average Suggested ACV at \$24,000.00 with salvage bids of \$2,500.00. As the estimate repair value is at 79% of the recommended ACV we believe the vehicle should be considered a total loss. Please refer to the attached photo sheet for further documentation of the damages observed during the time of our inspection.
