Re: Letter of Commitment CDC-RFA-DP21-2109

To Whom It May Concern:

May 24, 2021

I am writing to express our support for the Oklahoma State Department of Health (OSDH)'s application for the Community Health Workers (CHWs) for COVID Response and Resilient Communities grant. If the proposal submitted by the OSDH is selected for funding by the CDC, it is our intent to collaborate and complete a Memorandum of Agreement (MOA) with OSDH.

Muskogee Board of County Commissioners will provide collaboration and offer support. The proposal submitted by the Oklahoma State Department of Health to the CDC's Community Health Workers for COVID Response and Resilient Communities grant will include the following areas of focus:

- Training of Community Health Workers in the knowledge, roles, and skills needed to support the COVID-19 public health response to manage outbreaks and community spread.
- Deployment of Community Health Workers to manage outbreaks and spread of COVID-19 among priority populations within communities.
- Engagement of Community Health Workers to build community resilience by improving the overall health of priority populations within communities.

Muskogee Board of County Commissioners is excited to support this proposal by OSDH and will work collaboratively with OSDH to support the goals of the grant proposal, including efforts to track and report on outcomes. We believe our support and commitment will significantly improve the success of the Community Health Workers and we look forward to working with OSDH on this exciting endeavor.
